Making the Connection Count

As a locally-owned family company, the Willkomm Companies believe it is important to make a contribution to our local community. As members of this community ourselves, we'd like to stay connected with our roots.

In 1946, Clarence "Shorty" Willkomm started with Mobil Oil Company driving a wholesale gasoline and fuel oil route. Since then, three generations of Willkomms have grown the Willkomm Companies to a Wholesale Mobil Distributorship, a transportation company, four service stations, three restaurants and a travel center-truck stop...all in southeastern Wisconsin. We are dedicated to provide you Quality products, Outstanding Service and do everything with Pride!

At the Willkomm Companies, we're just family - locally home-grown. From the Racine Raiders to the Racine County Fair, the Willkomms take part in their local community. We're here to make community connections count!
